

Prince 2 Practitioner Course

Overview

- A solid understanding of project management principles and a keen interest in enhancing project management skills.
- Completion of the PRINCE2® Foundation course or an equivalent certification as a prerequisite for the Practitioner level.
- Familiarity with the PRINCE2 manual, as the Practitioner course will require a deeper understanding of the material covered in the manual.
- Some experience working on or managing projects is highly recommended to grasp the practical applications of PRINCE2 concepts.
- Strong analytical skills to apply PRINCE2 principles, themes, and processes to a project environment.
- Or proof of having passed one of the following:
 - PRINCE2 5th Edition (Foundation or Practitioner)
 - PRINCE2 6th Edition (Foundation)
 - Project Management Qualification (PMQ)
 - Project Professional Qualification (PPQ)
 - Project Management Professional (PMP)
 - Project Management Professional (PMP)
 - Certified Associate in Project Management (CAPM)
 - IPMA Level A® (Certified Projects Director)
 - IPMA Level B® (Certified Senior Project Manager)
 - IPMA Level C® (Certified Project Manager)
 - IPMA Level D® (Certified Project Management Associate)
